

TOP 10 TIPS FOR CLEAN DIESEL

For best prices log on to jonesoil.ie
to get an instant quote, or order online today.

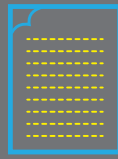

1

Always deal with a reputable authorised distributor or supplier.

2

Ask for a product specification sheet or spec. sheet for diesel required to confirm manufacturer.

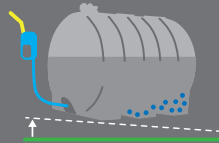

3

Clean your tank annually.

4

Tilt tank slightly so any contaminant falls away from outlet.

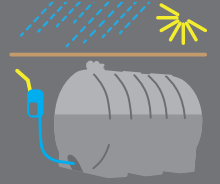

5

Fit particle and water filters to the tank outlet.

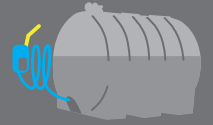

6

If possible keep tank and hose out of direct sunlight and shelter from rain.

7

Replace perished hose and stow off ground.

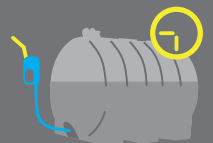

8

Keep fill gun clean and prevent from filling with water.

9

After delivery, allow tank contents to settle before filling machinery.
